EVERY SECTION IN STATE SOON TO ELECT TRUSTEES

**Members In All Elementary
And High School And Junior
College Districts To Be
Chosen**

Trustees in every elementary, high school and junior college district in California must be elected Friday, June 3, 1938. The term of office of those elected begins on July 1 following the election and continues for three years, except South San Francisco Unified District.

Any one who desires to become a candidate must file a written notice of candidacy with the county superintendent of schools (forms will be furnished by that office) at least fifteen days prior to the date of election.

The following are those whose terms expire this year:

Alpine—Violet Isidor.
Belmont—L. A. Barrett.
Burlingame—M. B. Clawson.
Greensburg—O. E. Blackington.
Half Moon Bay—M. F. Cunha.
Higgins—Belle Valentine.
Hillsborough—Dr. H. L. Mawdsley.
Jefferson—G. R. Augustien.
Las Lomas—Dorothy Canning.
La Vista Union—Mary Cavalli.
Kathleen Allen.
Menlo Park—George R. Angus.
Millbrae—F. A. Oehm.
Miramar—Joseph Cardella.
Montara—George Havice.
Pescadero—Charles Steele Jr.
Pigeon Point—Mrs. W. F. Steele.
Pilaritos—John Canadas.
Portola—John N. Duzanica.
Purissima—Antone Lewis.
Ravenswood—Verna Brown.
Redwood City—Clarence M. Doxsee.

Rockaway—E. H. Danmann.
San Bruno—Lewis E. Erbes.
San Carlos—Henry Jacopi.
San Mateo—Dr. N. D. Morrison.
San Pedro—Eugene Girdler.
Tunis—Henry Brutt.
Visitation—Ethel Jonas.
Half Moon Bay Union High—Frank J. Bernardo.
Jefferson Union High—Remi Sanders.
Pescadero Union High—D. C. Goulson.
San Mateo Union High—A. S. W. Grundy.
San Mateo Junior College—A. S. W. Grundy.
Sequoia Union High—Clifton Woodhams.
South San Francisco Unified—W. A. Fox.

ALL ELEMENTS TO CO-OPERATE IN OBSERVANCE

**Exhibits And Displays In All
Schools As Special Features
Of Public Schools Week**

Next week the parents and friends of education will participate in the annual observance of Public Schools Week by enjoying the programs, exhibitions and other types of activity intended to help them gain a better insight into the workings of the modern public schools.

Schools throughout the district are featuring classroom and hall exhibits, together with specific "open house" visiting days, so that parents and friends may appreciate the modern technique employed by the well trained teachers in administering the curriculum subjects to the youths of today and the citizens of tomorrow.

Much Smoke—Not Much Damage

Just a slight conflagration, which might have been worse, occurred in San Bruno, early this week, when a lighted cigarette, apparently dropped behind the car cushions of Judge Rapsey's car, started a fire that damaged the machine to the extent of \$20.

The blaze was noticed as Judge Rapsey and Tax Collector Harry Postley were driving to the latter's home. Unable to extinguish the flames, they called the police department, which in turn gave notice to the fire department.

The damage affected only the seat cushions.

HUSKIES REPEAT—MAKE CLEANUP

The University of Washington Huskies followed their double cleanup of the 1937 season by taking three more crew races in its annual three mile regatta with California, breaking two course records and tying the third. The Washington Varsity and J. V.'s beat the old records, while the Frosh tied the former course time. The crews were clocked (Varsity, J. V. and Frosh, in order) 15:48.6 (old record 15:56.4), 16:04.2 (10 seconds faster) and 10:40.2 (tied). The California crew's time (in same order) 15:57.4, 16:06, 10:44.8. This air view gives a bird's eye picture of how the varsity crews finished in the annual battle of oars, Washington's shell being that on the left, or inside lane. Tens of thousands witnessed the spectacle despite inclement weather.

RADIO EXPERT IN ADDRESS TO STUDENT BODY

Mr. J. Sparks, known as the University Explorer, addressed the Student Body of the Jefferson Union High School, at a recent assembly, on the subject of "Radio As a Vocation."

He said that many times radio is tedious, and that the real thrill of broadcasting is making comments. The program producers are responsible for the description of the program, the time, and the whole studio performance. The engineer must work the switches and dials. The publicity staff's responsibility is to let the public know what is going to be heard on the radio, the exact time, hour and station. It takes a great deal of time and effort on the part of these men to conduct the whole program.

He also stated that radio is not an expanding field of opportunity. The number of hours of broadcasting per day are limited. Just so many programs can go on the air each day. But one may become more expert in his particular field.

Most people think of radio as performing before the microphone, either singing or playing an instrument. There are four other fields, namely, the sales department, engineer, program producer, publicity and finally the talent.

There are many who have intentions of becoming a radio announcer. If one desires to do so, they should start on a small local station and get the experience on that station, because if one gets into a bigger station at the beginning the problem will be more complicated.

Fire Department Sounds Warning On Fire Menaces

All residents of Brisbane Fire District are requested to cut and remove all weeds, grass, wild oats and brush away from their buildings, fences and any other inflammable materials, at least several feet, making a good size fire break. Now is the proper time, while this fire hazard is small and green. Any cut grass, weeds and brush can be spread out on vacant lots and not piled up in one place. During the dry season this grass and brush will be burnt away by the fire department.

There is no charge for any burning of grass and brush. Any person wanting to burn rubbish, cut dry grass, etc., (in containers only) must have a burning permit issued by the fire district. One point of this, is to stop false alarms which are costly. When heavy smoke was spotted, alarms were turned in by persons a good distance away. In the case of a house fire surely any neighbor close by would give the alarm.

F. H. SCHMIDT,
Chief of Fire Department

SAFE DRIVING SUGGESTIONS GREATLY HELP

The majority of people in the United States are definitely safety conscious. They are thoroughly aroused and are determined to save lives by sane driving. Therefore any suggestive information relative to safer driving will help the motoring public in its determination to lower the accident rate. Mr. Motorist, do you know that four out of five accidents occur on dry roads in perfectly clear weather? Do you ever stop to think that if drivers used the same caution in the operation of their automobiles when the weather is clear as they do when they are driving in fog, that many accidents would be prevented and many lives saved?

Think this over as you drive during this fine weather. — San Mateo County Traffic Safety Commission.

EASTER PILGRIMS CLIMB TO CROSS

"Beauty is of light, not darkness. It is at one with harmony and peace, not discord."

The hillsides, carpeted with the blue and the orange of lupins and poppies, gladdened the hearts of thousands of pilgrims wending their way up the winding path to the terraced slopes at the foot of the "rugged" cross to do homage to the ever present Christ in the early Easter hours.

At dawn the highways of San Mateo County were dotted with cars moving onward to the sacred goal, the sunrise service in the Emerald Lake Easter bowl.

The symbol of the "old rugged cross," once the emblem of suffering and shame, stood above them on the hill top, now resplendent, a milestone commemorating life, dignity and peace.

The sermon presented to the listeners a thought of never ending life, unfolding into beauty and loveliness, as exemplified by the dragon fly, which in its early stage of existence is an ugly wriggler on the water's surface, but later develops into a creature with filmy, iridescent wings. The unattractive and rough lily bulb bursts its rough brown shell and blossoms forth into fragrant beauty, having quite forgotten its outgrown beginning.

The present now beckons us all toward the ever open door of opportunity for progressive thinking and acting.

Ken Howell, handsome young member of Twentieth Century-Fox Jones Family, was once billed as "the highest boy soprano" when he toured the country with a choral group.

OPEN HOUSE AT LOCAL SCHOOL TUESDAY NIGHT

Brisbane School will hold open house, Tuesday evening, April 26, from 7:30 until 9 o'clock. This is in conjunction with Public Schools Week.

The public is cordially invited to be present and to view some of the work that is being done at our school.

As visual education is one of the new techniques in teaching a special moving picture of Yosemite will be shown. This will illustrate the manner in which new methods of teaching are progressing.

GILROY ROUNDUP AND GYMKHANA FAMOUS RODEO

**Will Be Limited To Residents
Of Ten Counties In
Northern California**

The Gilroy Roundup and Gymkhana, one of the most famous rodeos in the west, will hold its ninth annual celebration on Sunday and Monday, May 29 and 30.

This year's Gymkhana has been changed to the extent that contestants are limited to bona fide residents of one of the following ten counties: Santa Clara, San Mateo, San Benito, Santa Cruz, San Francisco, Monterey, Merced, Stanislaus, San Luis Obispo and Alameda. The Gymkhana is still an "open" rodeo in as much as professionals and non-professionals alike are eligible to compete, if they are a resident of one of the above counties.

The Gilroy show, as in former years, will put on a widely diversified program. Many special events have been contracted for by the management, and it is felt that thousands of Memorial Day week enders will make the trip to the little cow town in the southern end of Santa Clara Valley to take in the thrilling western spectacle.

LOGICAL ENDING FOR SPEEDING

William Jarmuth, 18, student, of San Diego, who has received five traffic citations since January 1, was convicted recently on speeding charges and sentenced by the municipal judge to 75 days in the county jail, "to think it over."

WARD ELECTED MAYOR OF BURLINGAME

At the organization of the new city council at Burlingame, this week, Allan Ward was elected mayor, by a unanimous vote.

EASTER EGG HUNT JAYSEE FACULTY PROVES SUCCESS MEMBERS MAKE AT HI GROUNDS TOUR OF COUNTY

**Daly City Recreation Department Stages Enjoyable
Event For Youngsters And
Grownups**

More than 800 children and 300 adults were waiting the signal when the bugle sounded off, on Saturday morning of last week, for the annual Easter egg hunt at Jefferson High school grounds. A profusion of prizes had been provided for the occasion by the following friends and merchants: The City Fire Department, The Veterans Fire Department, Cliff Curry, Mission Bell Chateau, Kelly's Corner, Shannon Hardware, Milo's Fruit Market Department, Safeway Store, Colma Hardware & Furniture Co., Mrs. Irene Silvestre, Mrs. Palmira Tuccori, Geneva Baking Co., Mayor Paul G. Selmi, Harry Roloff, Judge Wade H. Clay, Signal Coffee Shop, The Domestic & Imported Grocery, The Eldrup Billiard Parlor, Daly City Coffee Shop, Mrs. J. Sturla, H. H. Smith Lumber Co., Safeway Stores, R. C. MacArthur, McGraw Drug Store, Daly City 5 and 10 cent Store, Warshawski's Dry Goods Store, Sordelli & Raffo, The Hilltop, Ed's Grocery Store, George's, Edwards Drug Store, Your Barber Shop, Little Emporium, American Shoe Re-

(Continued on page 3)

GHOST STORY IS VEHICLE FOR NOTABLE PLAY

**"A Murder Has Been
Arranged" Is Something
Original In Mystery Pro-
duction**

A celebrated English success will have its first American production by the San Francisco Federal Theater next Monday night, April 25, when the curtain rises on Emlyn W. Williams' thrilling ghost mystery, "A Murder Has Been Arranged," at the Alcazar.

"Judgment Day," Elmer Rice's notable play about a dictator and his methods in a southeastern European country will definitely end Saturday night, April 23. Sunday night performances have been discontinued at the Alcazar. "Judgment Day" closes with a 100 per cent record for attendance, it having played two weeks with every seat in the theater occupied every night.

"A Murder Has Been Arranged" is a story of a murder on a theater stage where an eccentric millionaire has planned a dinner party. The locale is the Alcazar Theater itself, the action entirely in San Francisco and the time, the present. It is being directed by Allan Williams who recently joined the Federal Theater group, coming to San Francisco from the Lobero Theater in Santa Barbara. Emlyn W. Williams, the author, produced and acted the leading role in this play in England, where it enjoyed a long and successful run. "A Murder Has Been Arranged" will have a run of two weeks to be followed by the current New York success, "Prologue To Glory."

Maybe They'll Run Maybe They'll Not

George Filbert, deputy county controller, declared, Monday of this week, that it was quite probable he would withdraw from politics and that he would not run for office in August.

"At the present time, I don't believe I'll go," he said.

He revealed that a number of persons had asked him to run, but that he had submitted his resignation in January on account of his health. However, Controller E. M. Stack had refused to accept it.

Stack, who has been unable to visit the office for more than five months on account of ill health, has not indicated what course he plans to pursue the coming August.

Roscoe Byrnes, San Mateo businessman and Frank A. Bloom, Burlingame city treasurer, are reported as possible candidates for the position.

**Teachers To Visit Historic
And Other Interesting
Parts Of Peninsula**

Directed by a group of San Mateo Junior College instructors, 200 teachers of this county will make an all day trip, this Saturday, in visiting historic and other interesting parts of the Peninsula. The group will start at Millbrae, will lunch on the coast side and will end the journey at San Mateo, after returning from the coast through Belmont where the famous old Ralston home will be visited. Speakers will discuss the historic spots visited, the rock formations noted, and the plant life of the Peninsula.

The junior college tennis team returned from an Easter vacation trip south with a perfect record of wins. The netmen defeated the freshman teams of University of Southern California, University of California at Los Angeles and the varsity of Pomona College.

This Friday evening the collegians will hold a jayssee night dance at the Hotel St. Francis in San Francisco.

In a recent survey of the college students, 113 men and 111 coeds said they were planning for business positions, 87 expect to go into the health professions, 98 men and women chose engineering, 65 hope to teach, 67 prefer art work, 36 hope to write or to get into advertising, 42 men and four coeds are heading for law, 51 will enter some field of science, 10 will get into aviation and several hundred were divided into smaller groups.

Tickets are now being sold for the college term play, "Stage Door," which will be produced on the evenings of May 6 and 7.

In a recent two game series with Santa Rosa's baseball team, the Mateans won one and lost one game. A feature of the day was the fact that the Mateans made one of baseball's unusual plays, a triple play retiring the side.

Faculty snapshot: Dr. Harry Redeker, radio and chemistry instructor, is a lieutenant in the Naval Reserve. Great hobby is amateur radio. Has patented several inventions in radio electrical line.

SUPERVISORS GRANT INCREASE IN OFFICIALS PAY

**Boost In Salaries Advocated
By Speakers At Tuesday
Morning Session**

Six county officials in the \$3500 salary bracket will receive \$3600 a year, beginning with the new terms, January 1. This action was decided on by adoption of a resolution by the Board of Supervisors at their meeting, Tuesday morning of this week.

One hundred dollar a year raises for the county clerk, controller, coroner, recorder, treasurer and school superintendent were approved.

The small boosts were in sharp contrast to the original requests of five of the six officers for \$700 raises.

The board voted to maintain the present salaries of the district attorney, tax collector and assessor, all of whom had requested substantial increases.

Public discussion lasted less than ten minutes over the new salary ordinance, which was unanimously adopted on motion of Supervisors Hatch and James. Salaries of other county officials for the four year term beginning next January are:

Assessor, \$4000; county executive, \$6000; sheriff, \$4500; county's pro-rata of the two superior judges' salaries, \$2000 each; five supervisors, \$1800 each; engineer-surveyor, \$4800; tax collector, \$4000, and five justices of the peace, \$2100 each.

A. T. Smith, president of the Highlands District Improvement Club; Charles Meinert, representing the North Fair Oaks Improvement Club, and W. E. Pitschke, publisher of the Daly City Record, advocated salary increases to help business and to in-

TO HOLD RODEO SOON AT STATE FAIR GROUNDS

Affair Is Prelude To Centennial Celebration To Be Held Next Year

Sacramento will hold its first annual world champions' cowboy contest and rodeo at the California State Fair grounds, April 29, 30 and May 1, with a program which will establish it as one of the major rodeos of the West.

The event is sponsored by the Sacramento-Golden Empire Centennial as a prelude to the centennial celebration in 1939, commemorating the one hundredth anniversary of the founding of Sacramento. Next year the rodeo will be one of the principal features of the centennial program.

Roy Clair, rodeo manager, announces that \$4325 in prizes will be offered in competitive events for the three days. Competition will be under the rules of the Rodeo Association of America. The best rodeo stock in the West, including wild horses, wild cows and calves, Brahama steers and broncos, is being assembled.

The events will take place on the infield and track in front of the State Fair grandstand. Abe Lefton, noted announcer, will be master of ceremonies. Cara-May Cutter, noted Sacramento rider, will preside as rodeo queen.

In addition to ten rodeo events of bronc riding, steer roping and wrestling, pony express race, wild cow milking, steer riding and cow horse contest, new, thrilling features are on the program. One of these, which has never before been staged in America, will be a motorcycle chariot race, in which two motorcycles will be attached to each chariot, with the drivers riding in the chariots and controlling the motorcycles with rods attached to the handlebars.

Parades will be held on the Sacramento business streets just prior to each afternoon program. The streets of the city will be decorated and Sacramentoans will wear cowboy costumes.

Lesson Sermon Of Christian Science

"Verily, verily, I say unto you, The hour is coming, and now is, when the dead shall hear the voice of the Son of God; and they that hear shall live." These words from John comprise the Golden Text to be used Sunday, April 24, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Probation after Death." Included among the Scriptural selections will be: "If in this life only we have hope in Christ, we are of all men most miserable. But now is Christ risen from the dead, and become the firstfruits of them that slept. For since by man came death, by man came also the resurrection of the dead. For as in Adam all die, even so in Christ shall all be made alive" (I Cor. 15: 19-22).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "If man is never to overcome death, why do the Scriptures say, 'The last enemy that shall be destroyed is death'? The tenor of the Word shows that we shall obtain the victory over death in proportion as we overcome sin" (p. 427).

MUSIC AUTHORITY DIES

Sir Richard Terry an authority for Catholic religious music and for many years organist in Westminster Cathedral, died Monday night of this week, at the age of 74.

He had been ill only a short time in a London hospital.

If you patronize Sun advertisers you help your home newspaper, and help yourself thereby.

ROCKAWAY BEACH PEDRO VALLEY

By C. H. T.

Residents of these two coast villages witnessed a strange and picturesque sight last Sunday morning, when a real western cowboy parade hove in sight on Pedro's main street, conveyed by a fleet of automobiles to the number of about fifty cars. Hillis Hubbard, owner of the H. H. Ranch on the old coast highway, and Mr. Price, manager, led the procession, which included an ungainly farm wagon filled with pretty girls and goodlooking lads, and drawn by six prancing steeds. Followed a string of riders in cowboy attire, the whole making up as fine a parade as Pedro has ever beheld. After making the rounds at Pedro the procession moved along the new highway to Rockaway, stopping awhile between the two villages, to visit the Maracci place, where there were numerous photographs taken. Then they set out across that rough dirt road connecting the new and the old roads and so disappeared. A barbecue was held at the site of the Hermitage, where "a good time was had by all."

The Easter Catholic mass, last Sunday morning at Jim Troglia's hall, Rockaway, attracted many residents of this locality. The hall was decorated with flowers from local gardens. Mrs. Mary Blume, postmaster at Pedro, sent over a large sheaf of calla lilies for the altar, and other residents brought the prettiest flowers they could find in their gardens.

Mrs. Jennie Bicknell is entertaining for her brother and wife, Mr. and Mrs. R. J. Gillis, and their nine year old son, Ronald, of Portland, Oregon. It has been 17 years since they last met.

Samuel Nash, of Rockaway canyon, died Monday, April 11, after being in a city hospital for several months past. Mr. Nash was 39 years old, and he had been ill for a long time. He had many friends in Rockaway, who will miss him.

Mrs. Eva Eddy is visiting at Rockaway Beach.

Here's a story about three well-mannered young men who drove up to a local roadhouse and lining up at the bar, ordered Scotch and sodas apiece. It chanced that the man tending bar was new to his job, and instead of giving them the customary charged water with the Scotch, mixed it with sweet soda of the "pop" variety. The three young men took a sip, then quietly strolled outside and inconspicuously poured out the contents of their glasses into the ditch. Smilingly, they re-entered the bar and set down their empty glasses. "Thank you very much," they said, and drove away. An observer, who had noted the incident from start to finish, told the flustered bar-tender, who commented warmly: "What nice boys—they had good manners." The occurrence might, conceivably, have ended rather differently had the three been the plain, ordinary "garden variety" of boys, disappointed in their beverage.

Mrs. Sherry Pavlos, wife of Pete Pavlos, is in the San Mateo Hospital suffering from what is reported to be a serious illness. Her sister, Miss Agnes Ribl, is coming from Dakota to take care of Mrs. Pavlos, when she is out of the hospital.

The street signs at Pedro are a welcome addition to the "incognito" roads that so long have puzzled vis-

Seabiscuit Ready For War Admiral Race

C. H. Howard's famous Seabiscuit is pictured with a trainer after recently setting a new track record and winning the Bay Meadows handicap. Howard declared, "Now I am more convinced than ever that Seabiscuit will take War Admiral in the match race next month."

itors to the neighborhood. It was for these street signs that Mr. William Johnson contributed the redwood posts.

The road at Park avenue, Pedro, which was washed into longitudinal grooves, during a recent rainstorm, is being repaired, filled in, smoothed out, and levelled up. The hills hereabout, are rich in springs, that overflow when heavy rains come. Some of these springs are reputed to be of great medicinal value, as old residents will tell you. But however good they may be for people's health, they do play havoc with roads. Cover them in one place, and they rip up the road in another spot, and all is to do over again.

An old, dusty-colored cat watching at a gopher hole, as we passed by gave us a downright nasty look over her shoulder, as if to say: "After I've sat here hours waiting for that fool gopher to pop his ugly head out, you have to come along with a clatter, and spoil everything!" This neighborhood pussy has cleared out a lot of these garden pests, and none of us would willingly disturb her forage for breakfast. George Olmo, whose garden is one of the handsomest in Pedro, attaches a hose to the exhaust of his automobile, and inserts the nozzle into a gopher's hole, leaving it there for an hour or more. He says you can see the gas coming out of a dozen holes near by. It is said that local ranchers on the artichoke farms, employ one man who does nothing but trap gophers. Still we pin our faith to the dusty-colored cat who is out for her breakfast, together with other felines who spend their days gopher hunting. They must rid the neighborhood hills of thousands of gophers in the year.

Billy Kinnear got a badly bitten hand last week, when he tried to separate his dog and another in a fight. The wound was treated with home remedies, and has recovered nicely, thank you. Mrs. Becky Johnson, registered nurse, is the local authority in such cases, and she is always willing to help with her commonsense advice based on long and valuable experience. There are two new dogs in the neighborhood, and it seems to be a law of dogdom, that the newcomer must fight all the dogs in town before he wins his place in the community. So we've had some fierce encounters and only hope the new dogs may soon get the matter settled, to their satisfaction — and ours.

Mrs. Peter Haugaard of Shelter Cove, spent the Easter week end with her mother, Mrs. Small, at Glen Ellen, accompanied by her daughter, Miss Claudia Johansen.

Mrs. Pat Dempsey and little "Two-Candle Jackie" Dempsey, were back in Pedro last week.

Carol, Billy and Shirley Bryant busied themselves decorating Easter eggs last week, and their work was tremendously artistic. The three chil-

dren come by their talent naturally, for their mother is a fine painter, whose pictures have been exhibited, and their father is official photographer on the staff of the San Francisco News.

Charles O'Neil of Georgia was arrested for having a faucet in his store which was attached to a 120-gallon liquor tank, buried in the ground.

OBSERVATIONS OF GOINGS ON IN NATION CAPITAL

(By Hart Goodrich)

Fort Washington — Witness To 300 Years of American Military History

There are many, who feel in such turbulent times it would be a wise thing to move the National capital to a more central and safer location in the interior of our United States. This move would be enormously expensive and does not seem a necessity with the ample military protection afforded by the circle of forts and other military defenses, not to mention the best safeguard of all—thousands of miles of Atlantic Ocean between us and any possible foe.

One of these fortifications has a very interesting historical background, beginning as early as 1634. In that year Governor Calvert and his party, who were exploring the Potomac, were opposed in combat by something over 500 warriors of the Indian village of Piscataway. Calvert defeated the Indian force and, eventually, contrated a treaty giving the English rights of colonization along the Potomac. Where this Indian village stood, an English garrison was established on this point made by the waters of Piscataway Creek and the Potomac River. Fifty years later Colonel John Washington, the grandfather of George Washington, with about 1500 Maryland and Virginia militia, decisively defeated 2500 Indians along Piscataway Creek and forced their withdrawal from the Potomac valley.

The English garrison at the now named Fort Washington was with-

drawn before the Revolutionary War, but with the establishment of the National Capital in the City of Washington and the necessity for its protection, a garrison was again organized. In 1812 the British fleet forced the small garrison to abandon the fort.

With the experience of British occupation of the Capital fresh in their minds, work was soon begun to make this natural fortification more effective. Major L'Enfant, who planned the City of Washington, was given this task.

During the Civil War, Fort Washington became an important link in the chain of defense, that girdled the Capital; defenses especially important, due to the fact that the Confederate capital of Richmond was only 110 miles away.

Fort Washington is situated on high ground at a narrow part of the Potomac, providing an excellent defense of the Capital from any possible attack by water.

While we are at peace with the world, and while we plan to keep the peace with our neighbors, we must be careful our plans for peace do not rob us of that very peace we cherish. We must have adequate defenses against a possible aggressor.

Runaway Machine Crashes Building

An unattended car, owned by Felix Lauricella, 445 Tenth avenue, San Francisco, was parked at the curb on Hillcrest drive and Vendome avenue, Sunday evening about 9 o'clock. Not being held securely by its brakes, the vehicle ran away and crashed into the Opera Bakery on Hillcrest drive, which is owned by Mr. Biedov.

The only passenger in the machine, Nancy Lauricella, was taken to the Villa Sanatorium, where a slight elbow injury was treated and the patient returned to her home.

EASTER EGG HUNT PROVES SUCCESS AT HI GROUNDS

Daly City Recreation Department Stages Enjoyable Event For Youngsters And Grownups

(Continued from Page 1)

pair, Waxman's Bakery, George Nick, R. E. Fletcher, Veteran's Inn, Martino Grocery, Rice Grocery, Dan Donovan, Kahle Grocery, Hanover Grocery, Braun Drug Store, Spring Valley Grocery, Wilson Sporting Goods Co., Cut Rate Market, Farmer's Meat Market, Daly City Creamery, Gelsi's Place, Daly City Nut Shop, Al's Place, J. Iversen, Anthony Gaggero and several other persons not wishing their names made public.

The Daly City WPA Recreation staff were ably assisted in the conduct of the hunt by the Junior Patrol of the Daly City Rod and Gun Club; boys of Troop 141, 148, and 149 and Sea Scouts of Ship 149 of the Boy Scouts of America.

The hunt was conducted in three separate areas set apart for this age group so that the little ones under six were able to search for the Easter eggs in a protected area.

Eleven o'clock, which was the closing hour for the egg hunt, came all too soon for the happy but exhausted groups of children who had by this time found most of the eggs which had been hidden in the early morning.

The entire community has joined in compliments to the recreation staff for the success of this occasion.

Photographs and movies of the event will be displayed in the near future.

BAYSHORE NEWS

The Ladies "Bee Hive" Club met in the Voters League Hall last Wednesday afternoon. The ladies spent the afternoon sewing and a luncheon was served by the refreshment committee of the afternoon, Mrs. Emma Taylor and Mrs. Paul. The club meets every other Wednesday.

Mr. and Mrs. Percival and family and Mr. and Mrs. Fred Thornton were guests of Mr. and Mrs. Luhrs at their home in San Bruno for dinner Easter Sunday.

The Easter egg hunt sponsored by the P. T. A. last Sunday was held on the dog track green. A large number of Bayshore children attended and all reported a good time. Each child was presented with a bag of candy eggs and all hunted for the colored eggs that were hidden in the grass. Many reported finding eggs with prize money redemption.

At the city council meeting last Tuesday night, held for the purpose of canvassing the votes and the opening of absentee ballots, Councilmen Herrmann and Lawson, City Clerk Shaw, and Treasurer Riley were sworn into office. Mayor Lawson was again named Mayor by the council. Other business to come before the board was the payment of election bills and resolutions to continue in the endeavor to help speed the completion of the Agricultural Livestock Pavilion and the widening of Geneva avenue. A sum of money was set aside by resolution to cover expenses.

Many ladies of Bayshore will attend the Seventeenth District annual convention in San Mateo, Thursday and Friday of this week, as delegates from the Bayshore Unit.

BAYSHORE PTA

Mrs. Emily Shaw, Publicity Chairman
105 MacDonald Ave., Bayshore
Phone Del. 9523

On Thursday and Friday the following ladies are planning to attend the convention of the Seventeenth District held at the San Mateo Theater: Mesdames Franzen, Ford, Wentworth, Byrne, Filarski, Pasini, Jeppesen, Gaines, Dufford, Riley and Shaw.

Mrs. Stella Filarski and Mrs. Grace Praul wish to thank all the ladies who attended the whist held Tuesday afternoon at the Riley Hall.

All those wishing to attend the Seventeenth District dinner at the state convention on May 25, please notify President Susie Byrne before May 1. Tickets for this dinner will be \$1.25 and it will be held at the Furniture Mart in San Francisco. This will be one grand big-get-together for Seventeenth District and everyone should endeavor to attend as this opportunity only comes once in eight or ten years.

PRESIDENT INAUGURATES 1938 BASEBALL SEASON

Throwing the first ball of the 1938 baseball season to open the game between the Philadelphia Athletics and the Washington Senators, President Franklin D. Roosevelt is pictured at Griffith Stadium, in Washington, D. C. Approximately 32,000 fans witnessed the opener, in which the Senators won, 12 to 8. Photo shows (left to right): Harry Hopkins, President Roosevelt, Connie Mack, owner-manager of the Athletics; Clark Griffith, owner of the Senators, and Bucky Harris, Senators' manager.

WASHINGTON NEWS

FROM OUR CONGRESSMAN
JOHN J. McGRATH

Relief—According to President Roosevelt the billion dollars proposed in his January budget message for relief will not be enough for the 1939 fiscal year. \$3,000,000 was requested by a committee of mayors who called on the President. Administrator Hopkins stated that only a sum large enough to provide relief from July to January will be asked.

Railroad Subsidy—Opposition to a federal subsidy to the railroads was expressed by the President recently. He states that if this type of subsidy is granted to railroads, other lines of industry would have the right to expect similar aid.

Expansion—Low cost housing is due for large expansion. Rural electrification and flood control is also expected to expand. Large orders for material, machinery, jobs and profit prospects should result from this expansion.

New Federal Trade Census—The government will mail questionnaires in the current Census of Retail and Wholesale Trade, covering 1937 and first half of 1938, in the latter part of June, not in March as previously announced by the Census Bureau. The change will be made because the bureau has decided to include in 1938 the first two quarters, January 1 to March 31, and April 1 to June 30, instead of only the first quarter. This census makes available to trade associations and business men in general, current statistics on trade, that may be compared with statistics for 1935 already available, to show business trends.

Motion Pictures—A complaint has been made by the Federal Trade Commission against a New York film corporation, charging improper use of the title, and false representations in advertising matter, tending to mislead the public into the belief the film was a film version of a best selling novel of many years ago. According to a new order by the FTC, motion pictures bearing titles of popular books must present an accurate version of such books.

Tobacco Shippers—Unmanufactured tobacco shippers will be subject to an increase over the old tariffs of only 5 per cent, instead of the 10 per cent increased freight rate, according to ICC modification of its recent decision allowing general increases of from 5 to 10 per cent on rail freight charges.

Social Security—What Is It?—Stripped down to bare terms, what does this "social security" mean? Just that every man and woman shall have a chance to stand on his own feet. The Social Security Act and other social legislation help to give the American workers something solid to stand on—a firm footing on which to fight for a living. Life being what it is, we shall never have

too much security. Sickness and accident spare none. Wives lose their husbands, and children, their parents, whatever their economic status. Even the well to do may find their livelihood wiped out by chances beyond their control. And in the end the lot of the fortunate who live is old age; but this gain brings bitter hazards of decreasing power and independence. In spite of all our knowledge and science, there is no absolute security—for the big man or the little man, for the rich or the poor. These hazards must not be allowed to take their utmost toll of the defenseless. In our high powered, mass industry world, the only agency big enough to act for all the people is the government. This is the what and why of social security legislation. The things that go to make up this legislation include a wholesome childhood, adequate education, a job at a health and decency wage, proper housing and some sort of insurance against the inevitable "rainy days."

Home Building—Now is the time to build homes, for construction costs are rising and may reach high levels by 1939. Moreover, savings are rising and may reach high levels by 1939. Moreover, savings and loan associations should be liberal in financing small, compact dwellings, even in suburbs.

New Stamp—Announcement of the design and first day cover arrangements for the one cent George Washington stamp of the new regular series was made recently. The new stamp, which is to be placed on sale at post offices throughout the country, is arranged vertically, printed in green ink with a flat background and no border. It is 0.75 by 0.87 inches in size and is being printed in sheets of one hundred by the rotary press.

Automatic Device Shows River's Rise And Fall—Weather bureau observers stationed along the principal rivers of the United States soon will be able to follow the rise and fall of a nearby river merely by picking up a telephone and dialing a given number. Preliminary trials for the last few months in Washington, D. C., show that a new automatic sound river gage effectively and economically supplies facts the weathermen need in forecasting floods and supplying other information on river conditions for many interests. More weather bureau stations will install the new gages as fast as possible.

BOY HURT WHEN STRUCK BY ROCK

Stanley Johnson of Risel street returned home from Franklin Hospital, Friday of last week. He had been receiving treatment for a face infection. The lad had the misfortune to be struck between the eyes by a rock, on Saturday, April 9, while he was playing on the sidewalk in front of the home of a friend in San Francisco. Two boys, who were quarreling nearby, started throwing stones and the Johnson boy was hit and hurt by one of the missiles.

The boy was not thought to be seriously injured, but two days after the accident infection set in and he was rushed to the same hospital in which his mother lay seriously ill from a recent operation.

Better Handling Of Foods Is Seen

On its first official preview, the proposed county food ordinance won unanimous support, recently, from the San Mateo County Board of Health and Welfare. The board recommended that Dr. Charles C. Gans, health director, take all necessary steps to have the ordinance, which would regulate every food handling establishment in the unincorporated area, adopted by the board of supervisors.

The board also endorsed the proposal to unify city health departments under the county department, and recommended formation of a citizens advisory committee to sponsor the project.

The food ordinance is patterned after modern public health setups. It would supplant the bakery ordinance, now in effect, by extending similar provisions to hotels, cafes, bars, groceries, soda fountains and soft drink parlors, he explained.

Each food handling establishment, of which there are 200 in the unincorporated areas alone, would pay a fee of \$5 per annum to operate. This fee would cover costs of inspection to insure proper screening, covering, preparation, and handling of foods. Each employee would be required to undergo an annual physical examination to prevent disease carriers from handling food, Dr. Gans said.

The board authorized formation of a committee of 20 to further the project of unifying all health departments in the county.

Fye Rogers, a truck driver of Los Angeles, was hurled 60 feet when he was struck by an interurban train. Then he fell an additional 20 feet from a trestle and escaped with a few slight scratches.

FOR SALE—Manville mirror, 4 ft. plate, mass. gold frame. Door—One full length plate glass; 1 oversize solid, mahogany finish. Two chairs, hangers, brass elec. fixtrrs; globes; bath fixtures, sink, gas water heater pipe, furniture, auto glass; other articles. — Dad Gibson

N. Y. Exchange Post Given S. F. Broker

Named recently by the nominating committee of the New York Stock Exchange as a member of its board of governors was William Cavalier, San Francisco financial figure and only man west of Chicago named on the "reform" slate of the big board. Nomination customarily is equivalent to election. He was posted for a three year term.

Mrs. Edith Rowell of Chicago testified in her divorce suit that her husband had spoken only about four words a day to her for 34 years.

BRISBANE GENERALITIES

We were glad to see that there were 159 present at the sunrise service last Sunday. A well rounded service above the fog was enjoyed by those who attended.

With the warm weather coming on again, may we issue a warning to all to watch fires. Last Monday evening a bonfire got out of control and caused the necessity of the fire department being called. Remember folks, it is unlawful to have bonfires without a permit from the department. There is no cost for them but it is best that fire prevention men should pass on the possibility of property destruction.

We are informed that our good friend Rosie Grampolini tried to mix a little bicarbonate of soda with some hair waving fluid. Could that have been the cause for that dejected look?

Birthday greetings to Joe Thompson, Mrs. Ed Ross, and Mrs. Bragg. They will roll around. Pardon me, Evon, you should have been in the list too.

We hear tell that Mrs. Ruby Munn is having her birthday, the 31st. May we send greetings in advance?

Young Trussel Munn tried to imitate a monkey the other day, but lacking the extra curling assistance of our reported imitators he fell and broke his arm.

The German measles are leaving the Foster family, after having gone the rounds of the children.

We heard from Mrs. O. Ferguson the other day from El Paso. She was scheduled to arrive in Miami, Florida, Tuesday of last week.

Thought for the day—Many of us would be much happier than we are, if we could find something more interesting to think about than ourselves.

Mr. Tiny "Hippockets" Burns is moving his business from his home on Klamath to the new location on Visitation just below Butch's new market.

The Women Auxiliary of the Fire Department are sponsoring the dance tonight at the Fire Hall.

Ernestine Merrick, Marie Smith and Virginia Blend are the officers for the new Crusaders Club.

We hear tell that Jack Kinney wants to finish his place before the bass season starts. Better get under way, Jack.

By the way folks, if the local school is any more crowded we will have to have more room. The town is growing so rapidly that it is difficult to accommodate the youngsters and to properly care for them.

Warned Against Advertisements

"High school education is of the utmost importance to those who wish to enter Civil Service," stated Mrs. Katherine Sullivan, famed San Francisco policewoman, at an assembly where she addressed the Student Body of Jefferson Union High School. The fact was stressed that we must give our full attention to our work while in school, because that will determine, to a great extent, the possibilities of our future. A few cases were presented to illustrate this fact.

Mrs. Sullivan continued by bringing forth the fact that one mistake, even if it is only a small one, may change the entire course of a person's life. She warned against taking that fatal step and told the students to be constantly on guard, so as to keep their lives clean and wholesome. Self-respect is a very important factor in every one's life, and one should strive to keep it at any cost.

In conclusion, she warned against young people, especially girls, answering help wanted advertisements alone and cited several cases from her own experience where tragedy resulted.

SUPERVISORS GRANT INCREASE IN OFFICIALS PAY

Boost In Salaries Advocated By Speakers At Tuesday Morning Session

(Continued from Page 1)

duce the highest caliber of men to seek public office.

A few written protests against any salary raises were received, but a majority of those who spoke at the hearing favored boosts for all officials.

Thayer B. Thomas, San Francisco canning company executive living at 202 West Poplar avenue, San Mateo, wrote:

"If the present salaries are not satisfactory, then let the officials resign and seek employment elsewhere. . . . Should the taxpayers bear the expenses of a man campaigning for office? Foey on such an argument."

Another protest was received from the South San Mateo Improvement Association.

Representatives of the Peninsula League of Women Voters told the board:

"The difference between efficiency and inefficiency would be infinitely more than the raises the officials are asking. They are in charge of running our county government and should be compensated in keeping with their duties."

Miss Janet P. Rogers of Burlingame spoke particularly for an increase for the county school superintendent.

The salary ordinance was passed unanimously on motion by Supervisor Alvin Hatch.

Salaries of appointive officers, deputies and rank and file employees will be considered several weeks from now. County Executive Rolison, meanwhile, advised department heads to submit their 1938-39 budgets for consideration and study "not later than May 16."

Non Partisan League

The Non-partisan League of California is not a party, but rather an instrument through which Labor can expect political influence.

All trade and industrial unionists and residents of Brisbane should become active in this movement.

At the meeting Wednesday, April 13, it was announced that there is an organizational drive on at 25 cents per member.

A. R. ADAMS,
Sec.-Treas.

JEFFERSON P. T. A. MEET

The regular business meeting of the Jefferson Union High School Parent Teachers Association was held, Tuesday evening of this week, at the high school, with Mrs. Stella Jensen presiding.

Following the transaction of routine business, the meeting was turned over to program chairman Annie Flick, who introduced the speaker of the evening, Miss Pansy Jewett Abbott, county superintendent of schools, who gave an illuminating talk on the subject of parent education through the understanding of school procedure and mastery of tools, techniques, and the spirit of learning. Several delightful selections were given by the Mothers Coral Singers, a Peninsula organization.

Members and guests were served refreshments consisting of delicious homemade cake and coffee at tables decorated in blue and gold.

TRIO TO CRUISE WORLD IN TINY BOAT

Heading out to sea, the 32-foot cutter, Ad Astra is shown as it recently left Los Angeles harbor for a cruise around the world. Manned by Captain W. J. Zaleski, his bride, former Glendale, Cal., school teacher, and her son, Gene Carron, the vessel will first visit the South Seas. At right is the Ad Astra, and bottom photo shows the crew, Mrs. Zaleski, Gene Carron and Captain Zaleski.

HOLD WHIST TO BUY UNIFORMS

The Junior Girls Patrol of the Division of Fish and Game will hold a whist party, Tuesday of next week, April 26, in Eagles Hall. The proceeds will be used to buy uniforms for the unit.

The game will start at 8:30. Many valuable prizes will be on display to be won by the high scorers.

George Wheeler will be chairman.

THANKS

May we take this means of expressing our deep appreciation for the very beautiful shower given to Mrs. H. Barton by the Ladies of the Brisbane Fire Department and friends on April 11. There were many very beautiful gifts.

The shower was held in the Fire Hall in the afternoon. The afternoon was spent playing cards, and refreshments were served. May we again offer our thanks.

Mr. and Mrs. H. BARTON.

"WOMEN MEN MARRY"

BRISBANE P T A COMMUNITY CHURCH NEWS

By B. Darling

Tickets for the P. T. A. night of entertainment to be staged May 6 at the school will soon be available. A clever play by a group of San Francisco players is the main attraction, but the vaudeville and hillbilly music, also to be featured, deserve mention. Admission is but 25 cents. So don't miss the fun.

The Seventeenth District held its annual convention, Thursday and Friday, at San Mateo. Delegates from Brisbane included Mrs. G. McKinney, Mrs. M. Richards, Mrs. M. Gull, Mrs. A. Coffin, Mrs. F. Pistohl, Mrs. F. Ramsay, Mrs. B. Darling.

All members are reminded that the April meeting of the Brisbane P. T. A. will be held Thursday, April 28, at 8 p.m. in the school auditorium. At this meeting you may express your appreciation for the work of the officers of the past year and offer encouragement to the new officers to be installed. Your attendance means much to those you have elected.

Two Sentenced To Jail—Two Probation

In the court of Judge Maxwell McNutt, Monday of this week, a county jail sentence was all that was accorded to Mitchell Tometich, with a prior San Quentin term against him, for burglarizing a San Mateo restaurant. His two companions, James Frazier and Alvin C. Kelly, were admitted to three year probation on condition that they serve 90 days in the county jail less credit for time already served.

Guy Arcara, with a record in both Folsom and San Quentin, was sentenced to nine months in the county jail. He pleaded to burglary of a Colma service station.

Deputy District Attorney Louis Dematteis argued that the felons were unfit subjects for county jail sentences.

Douglas James of London, convicted of fraud, admitted in court that he had married women in France, India, Egypt and the United States.

The Sunrise Service held last Sunday was such a success that plans are under way to make it a permanent affair. The atmosphere and fellowship should be of lasting benefit to Brisbane.

The Church School meets at 10 a.m. and morning worship at 11 a.m. Rev. Merlin C. Donaldson's sermon for Sunday is "A Measurement for Life." The morning services meet in the Fire Hall. The evening hour in the form of a Christian Endeavor, meets at the parsonage, 300 Klamath street at 7:30 p.m. The leader Sunday is Cecil Foster. All are invited to attend our services.

The Women Society meets every Thursday at 10 a.m.

Studebaker Dealers Solicit Patronage Of Local Buyers

Fred O. Smith, in charge of the Studebaker sales of Ansel J. Schloss, Inc., wants the people of Brisbane to realize that they can make the best deal obtainable in the purchase of a new car—

from his organization. Fred has been connected with Studebaker in San Francisco for the past 20 years and is well qualified to be of real assistance

whether it be a service problem or purchase of a new 1938 Studebaker.

Ansel J. Schloss, who also for many years has been in the automobile business in San Francisco building good will at all times and at all cost, is personally in charge of Used Car sales; so Fred and Ansel invite you to call on them at 49 South Van Ness, between Market and Mission streets in San Francisco, right on your way to town.—Adv.
